Contented I fold my arms and wait,  
for I know my goal is nearer than I  
think.

In the back of the workshop's clamor, The  
seeker may find the THOUGHT!

After hours, our campus is ringing with the sound of active, boisterous students.

Toiling, struggling, persevering and through it all, this and everything that surrounds us here makes our rainbow that much closer to grasp.

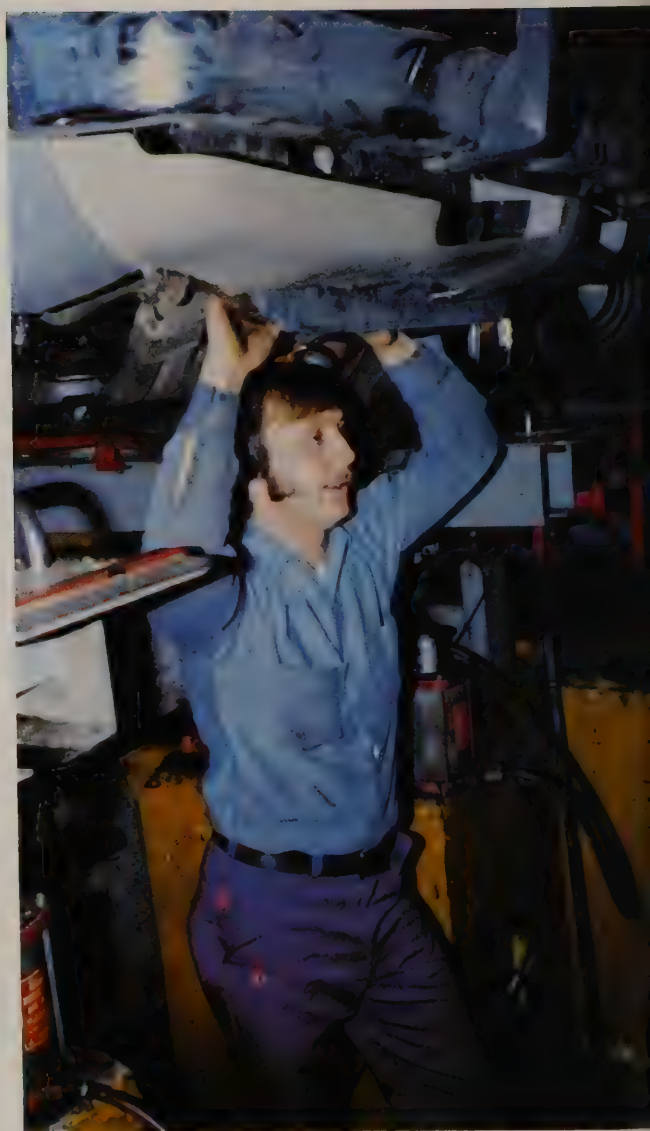

The Good, The Bad,  
and the Ugly.

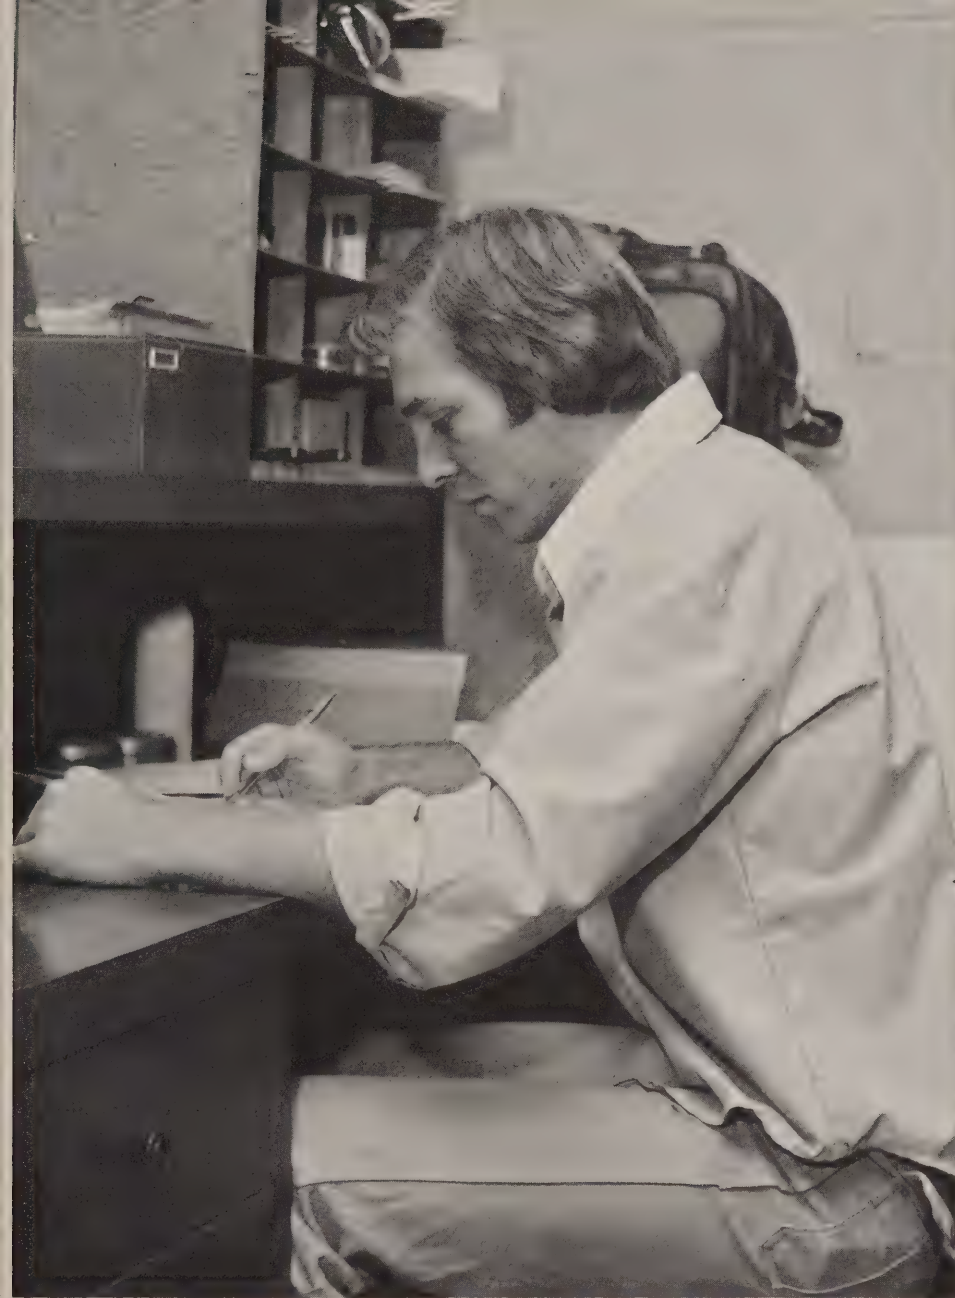

Today will never come again, use it or lose it.

Is this for real, or is this just  
fun and games?!

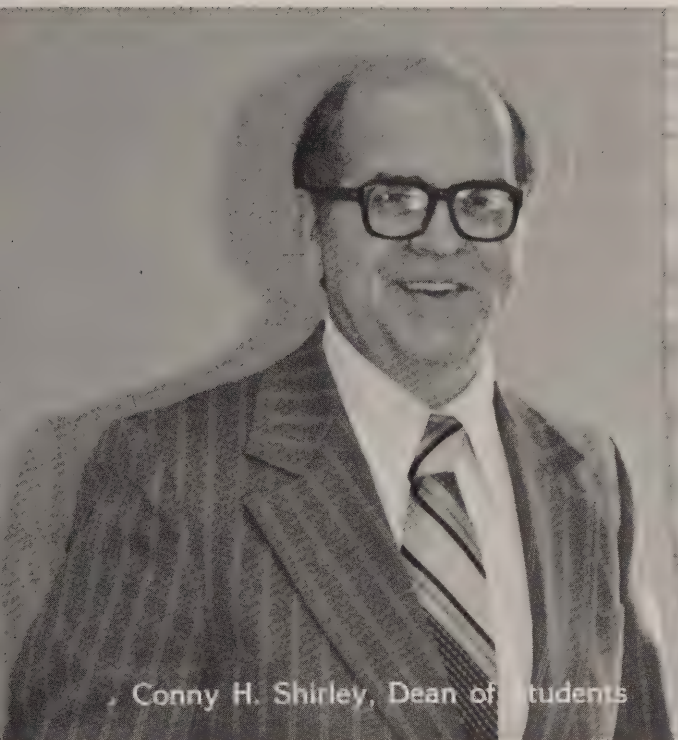

A large, stylized graphic of a pyramid or mountain shape composed of the word 'ADMINISTRATION' repeated many times, set against a dark background with stars and a bright light source on the left.

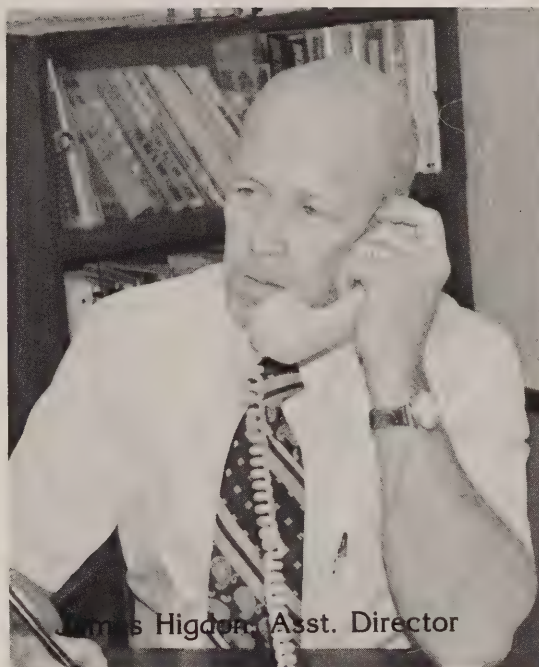

It is my sincere hope that these days spent with us will pave the way for a bright future and your successes along the way will serve as a reminder of the valuable experiences gained through the vocational education process. Your future is our future, your success our success. We hope your new friendships will be long lasting and your experiences here will be pleasant memories. As you reflect on these thoughts, remember, our best wishes go with you always.

# Valentine Dance

Everyone seemed to enjoy the Valentine party given at the Hayloft Pub in Helen, Ga. The party, along with numerous other fund raising activities, was given as a benefit for Liz Taylor. For those who know and love her and for those who merely want to help, — we hope that what money was raised will be of great help to the care and treatment now being received.

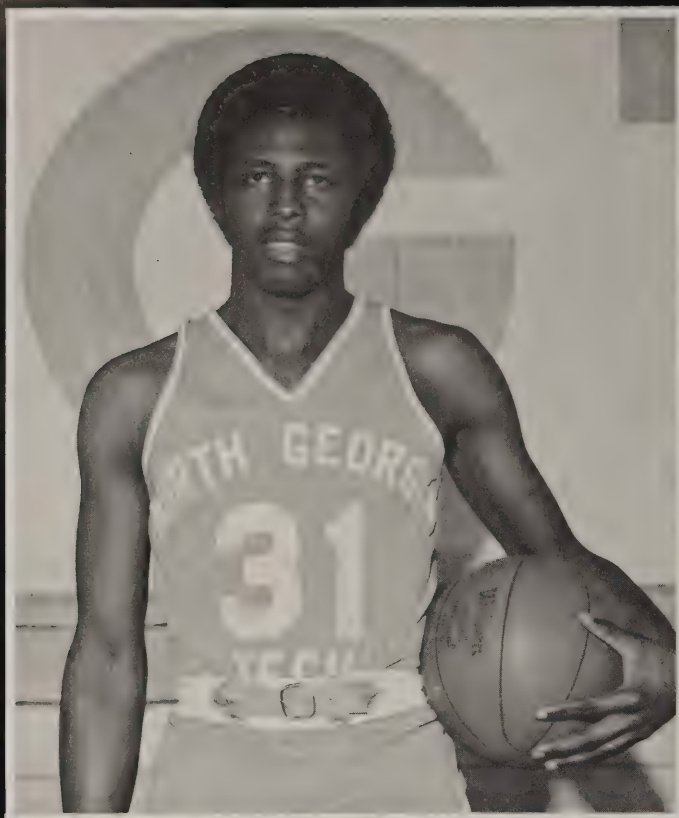

ATHLETICS

The image features a large, symmetrical pyramid shape constructed from the word "ATHLETICS" in a white, sans-serif font. The pyramid is composed of two main sections of text that meet at a central vertical axis, creating a sense of depth and perspective. The background is a dark, textured space filled with numerous small, bright white stars and larger, more prominent star-like patterns with diffraction spikes. The overall composition is balanced and visually striking due to the contrast between the white text and the dark, starry background.

# AFTER HOURS

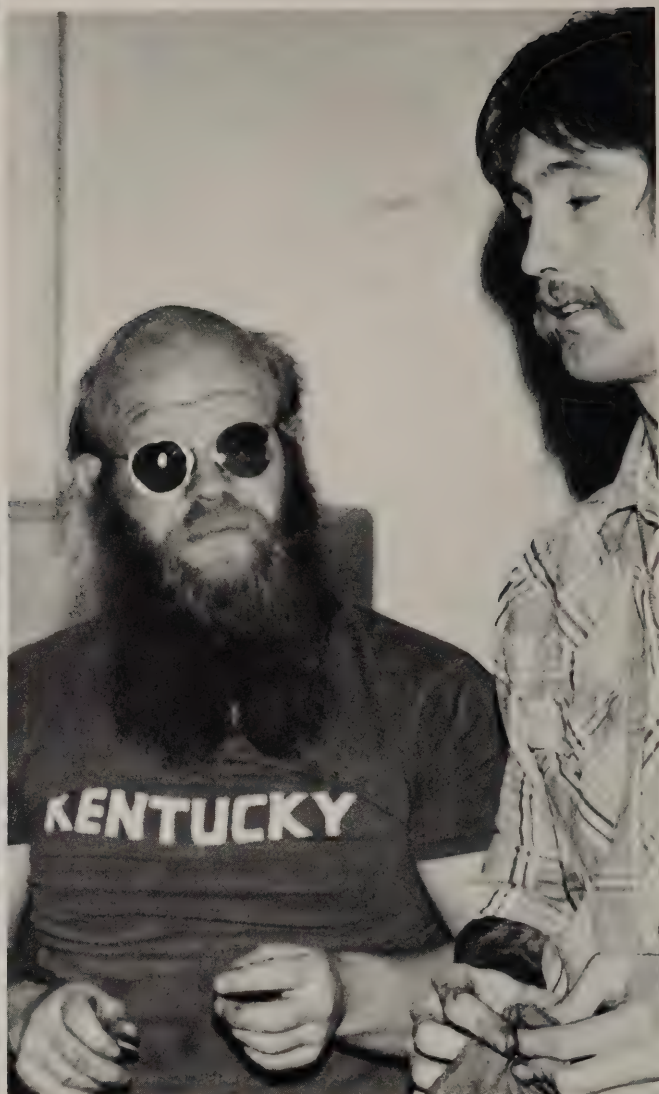

If you have a goal in life that takes a lot of energy, that requires a lot of work, that incurs a great deal of interest, and that is a challenge to you — You will always look forward to waking up to see what the new day brings, and You will always look forward to the night because you will never be lonely!

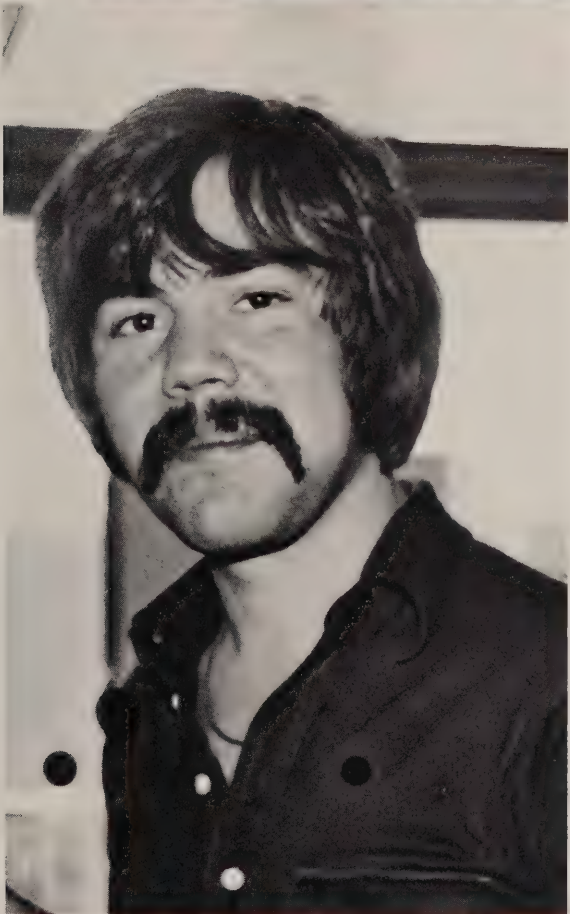

We would like to congratulate Mr. Reeder Baskins and the Electrical Appliance Shop, also Collins Hall and the girls of that Hall for their winning achievements in the intramural basketball games and the trophies which they won this season.

#### OF CONCERN TO EVERYONE

Why are people so full of hate? It seems with the crisis in Iran, that people would unite together and be supportive of what the leaders of this country are trying to do. In order to preserve this country's dignity, as well as, the safe return of our 53 American Hostages, we all as Americans need to stand behind and uphold our "free" nation.

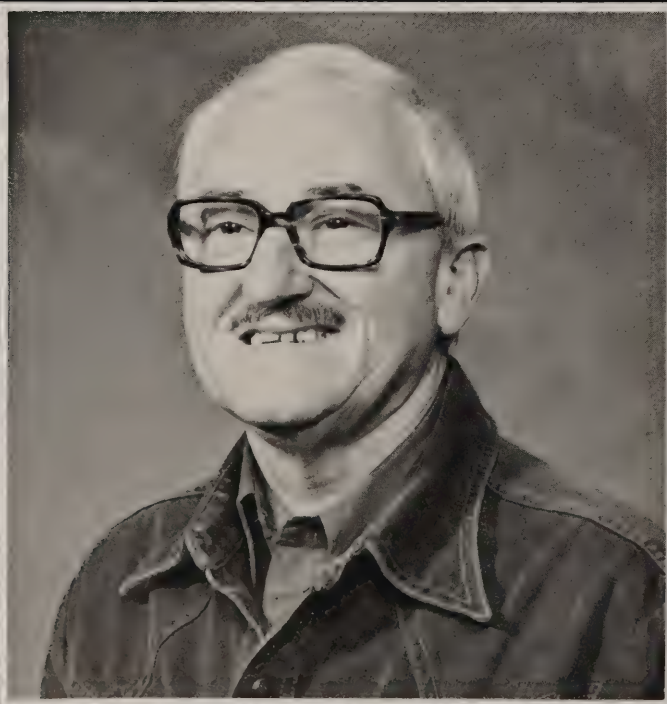

# HEY, IRAN...

# Yearbook Staff

Randy Cope — Photographer, Greg Mimbs — Layout Editor, Lynn Fitzgerald — Editor, Tine Cantrell — Feature Editor, Susan Henderson — Photographer

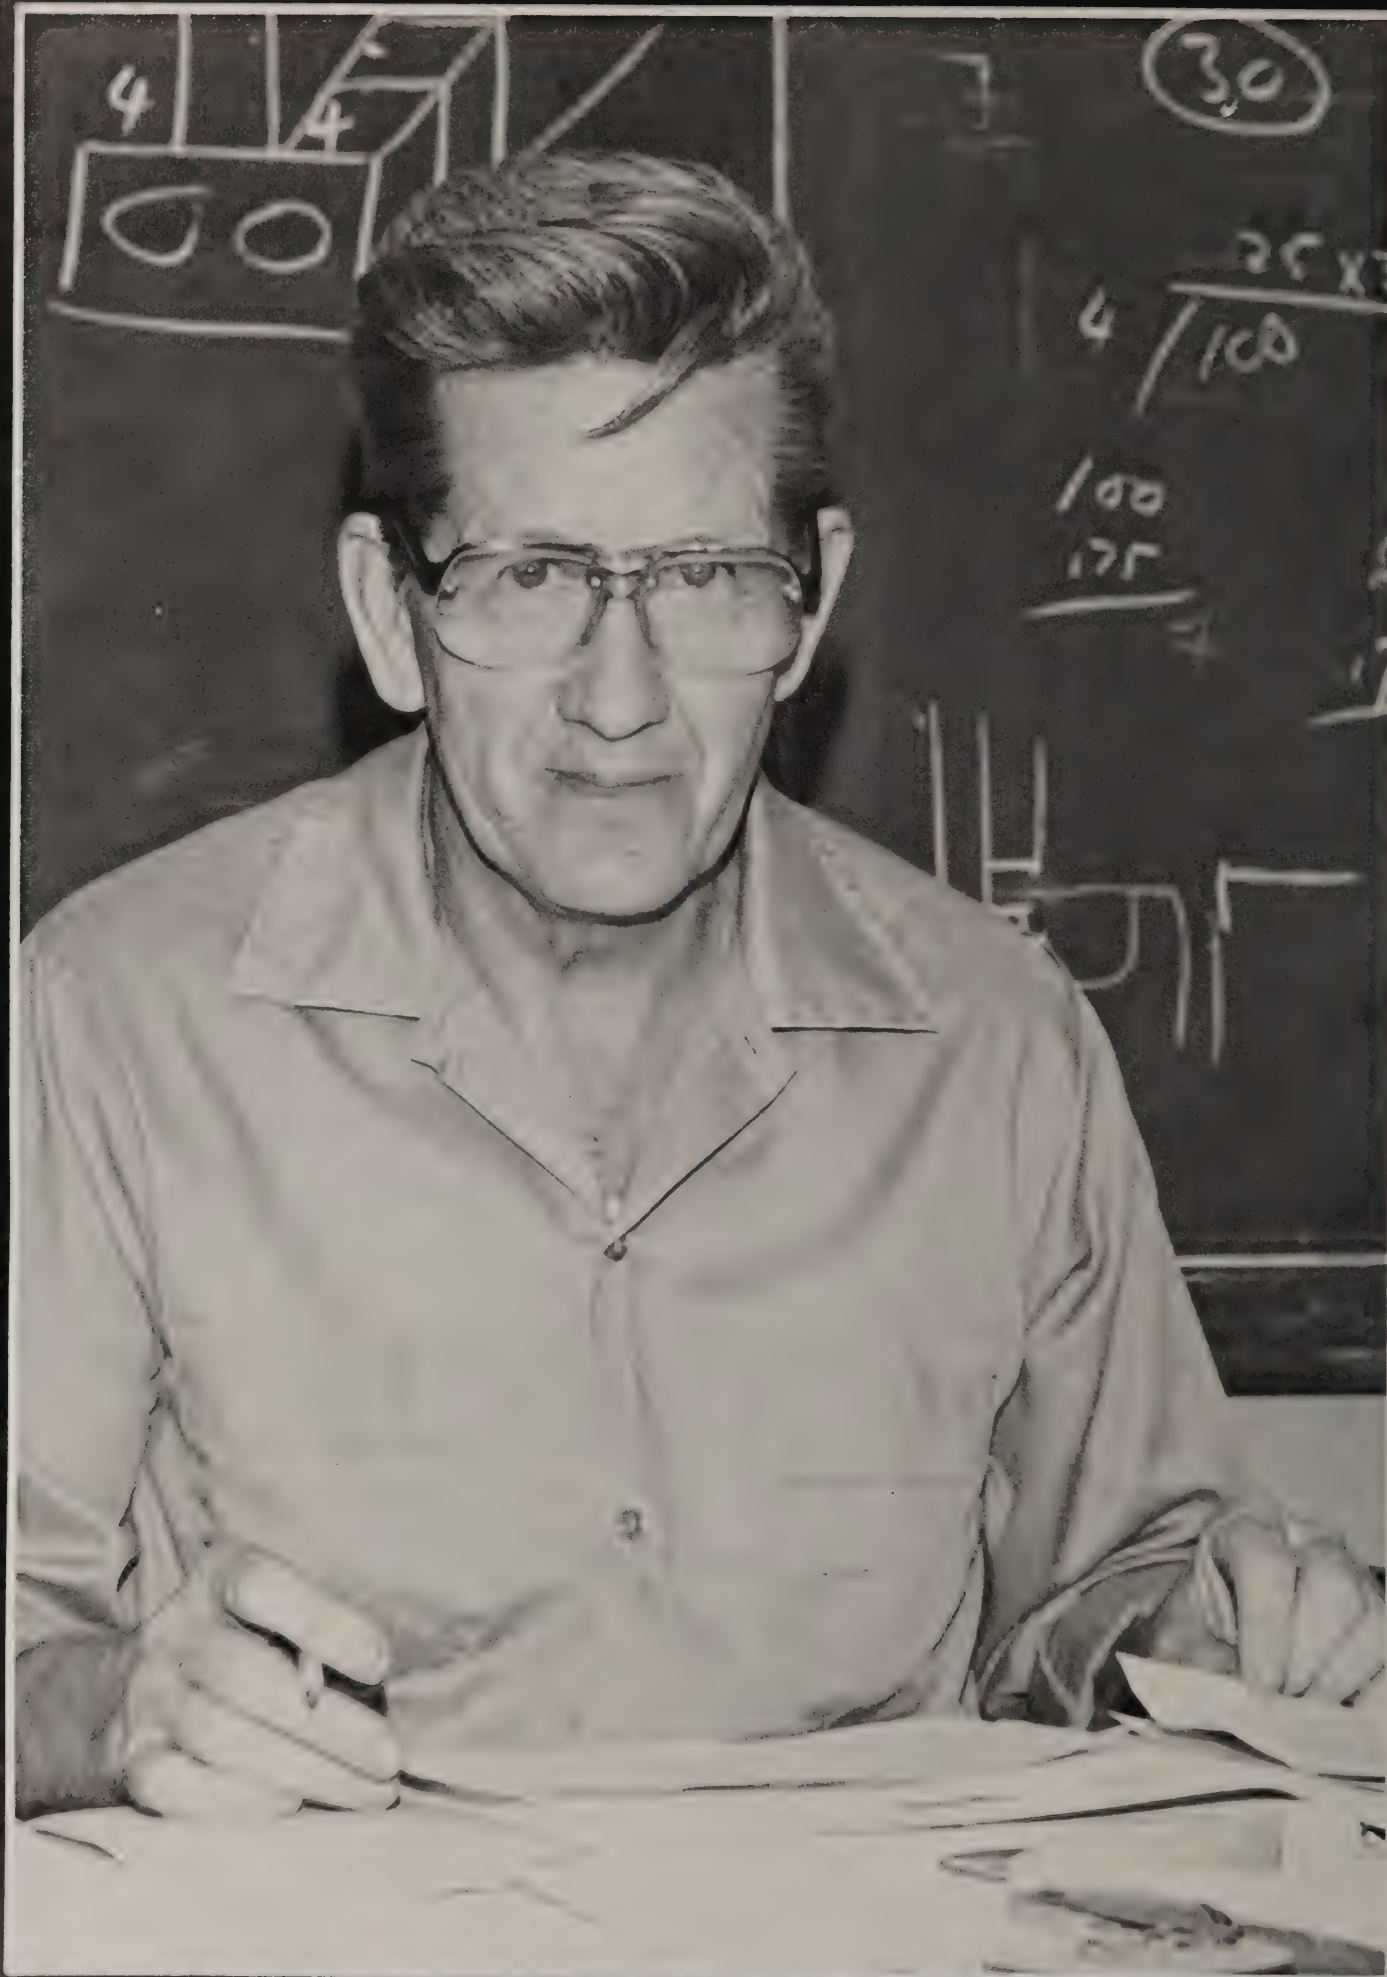

George W. Elrod — Annual Staff Advisor

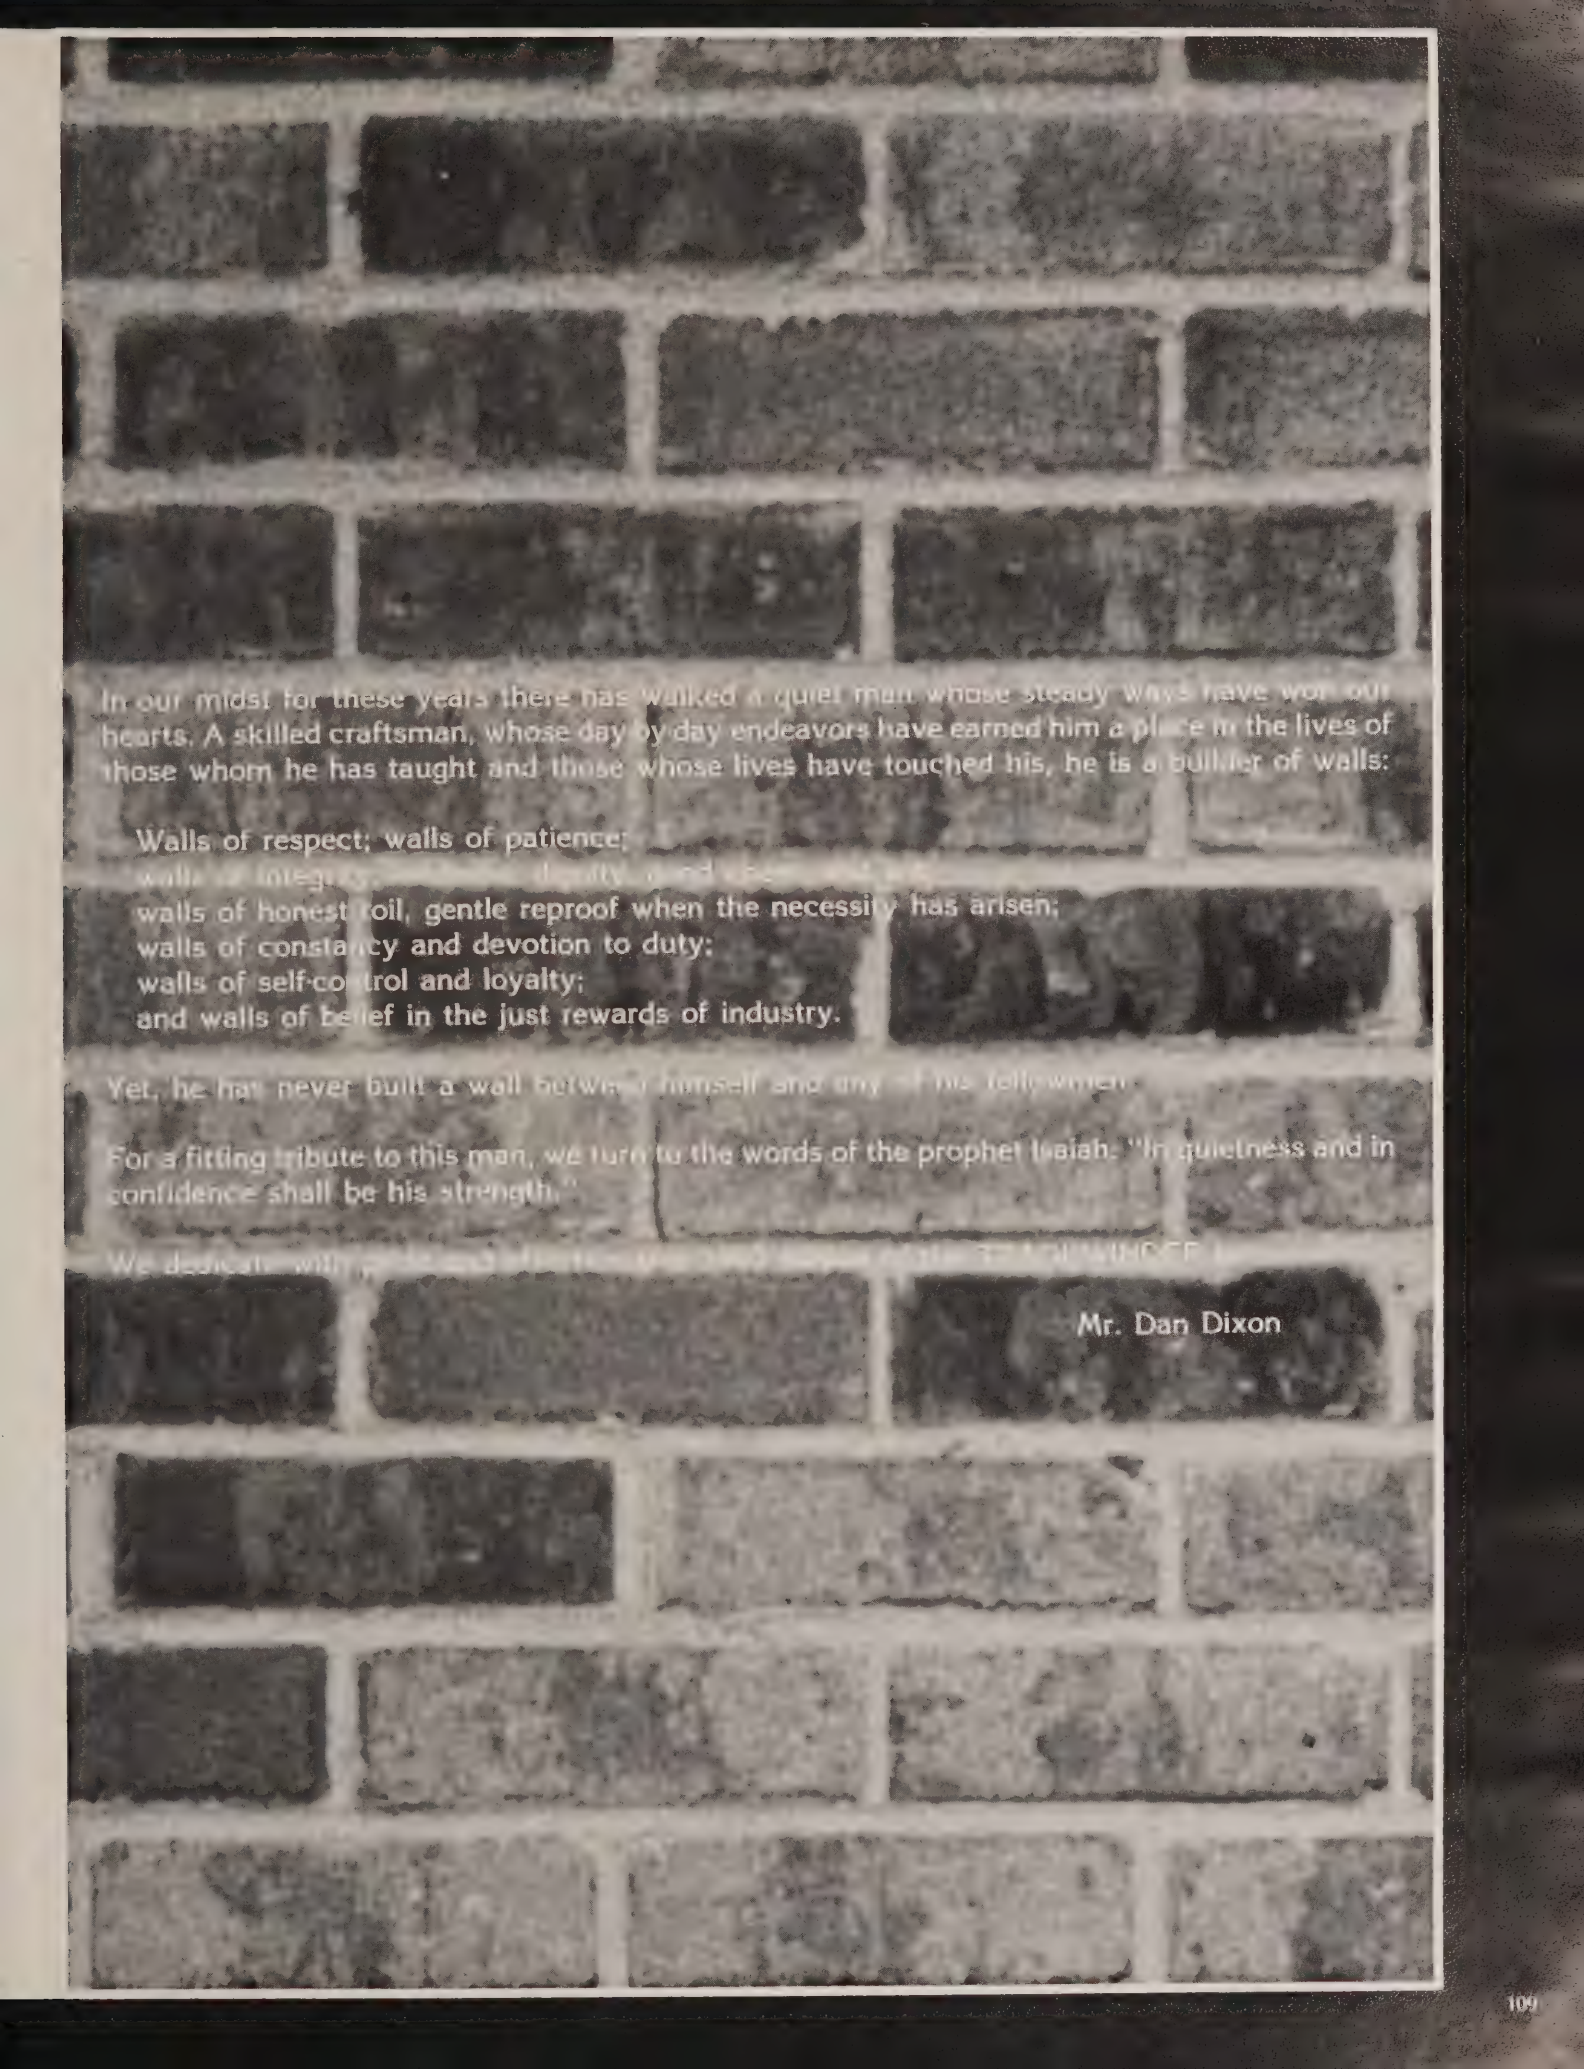

We the members of the annual staff hope that you will enjoy this years edition of the Tradewinder 1980. We hope that after you leave North Georgia Tech, that you will look back and remember all the experiences that you shared here, and will SMILE!!

Different minds  
different changes  
different reasons to believe  
Some far journeys we have taken  
some sweet dreams we had to leave  
And we want you to be happy  
and we hope you always will  
For we cannot rest easy  
until all your dreams  
are real.

THANK YOU

In our midst for these years there has walked a quiet man whose steady ways have won our hearts. A skilled craftsman, whose day by day endeavors have earned him a place in the lives of those whom he has taught and those whose lives have touched his, he is a builder of walls:

Walls of respect; walls of patience;  
walls of integrity, loyalty and devotion;  
walls of honest toil, gentle reproof when the necessity has arisen;  
walls of constancy and devotion to duty;  
walls of self-control and loyalty;  
and walls of belief in the just rewards of industry.

Yet, he has never built a wall between himself and any of his fellowmen.

For a fitting tribute to this man, we turn to the words of the prophet Isaiah: "In quietness and in confidence shall be his strength."

We dedicate, with profound affection, this building to the memory of

Mr. Dan Dixon
